

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global trade. Transporting industrial goods happens every day on our industrious world. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Throughout the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the industry. TCM began constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures several models of industrial forklifts with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading business.
