

Cascade Clamps

Cascade Clamp - Established in Portland, Oregon in the year 1943, the Cascade Manufacturing Company began as a small machine store employing just four individuals. Overall sales for that year amounted to about 60 thousand dollars. The first recorded sales revenues involved the assembly and machining of stainless steel valves, pipe fittings and other components. During five years of operation, the company had stretched to 40 employees and their annual sales volume had increased to \$330,000. Today, Cascade is one of the top international producers within the material handling business.

Design and production of the company's initial hydraulic cylinder allowed this young business to aggressively pursue new business opportunities. Throughout the final sixty years, the industry of material handling has grown into a really sophisticated area with Cascade proudly playing a part in its growth. Cascade currently continues to grow as the leader supplier of lift truck attachments and different related products. The company feels assured in their skill so as to continue to lead the way in the business by understanding customer's needs in the future and remaining aggressive within the world market.

In the nineteen fifties, Cascade started designing, fabricating and selling hydraulic accessories. Construction was finished in the year 1956 on a brand new facility in order to accommodate all office and plant operations in Portland, Oregon at the company's present headquarters. After fifteen years of business, total staff reached one hundred eighty staff and sales had reached nearly two million three hundred thousand dollars.

The next production plant was built in the year 1959 in Springfield, Waco. The year 1960 marked Cascade's preliminary transfer into the international world of the material handling industry when the business established interest in the Netherlands, England, and Australia.

The business altered its name to Cascade Corporation in 1964. In 1965, Cascade went public with a preliminary offering of two hundred thousand shares of common stock. The company has expanded its production plants throughout the U.S. with places in Portland, Oregon, Springfield, Waco, and Warner Robins, Georgia. Cascade products are made internationally thanks to a lot of subsidiary operations. In the year 1944, a new facility was accomplished in Almere, the Netherlands which is Cascade's European command center. This plant is designed to be the ultimate customer support centre.

Cascade further expanded their product base in 1996 and the year 1997 subsequent to acquiring 5 companies, which included the Kenhar Corporation, the global best in forks.
