

Lull Telehandler Part

Lull Telehandler Part - Lull telehandlers have been providing precision load placement since 1959. Whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler would help make the job go faster and easier. These units are available together with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Various optional accessories is accessible for Lull telehandlers to help do whatever work.
